¹The time of day for the medicine needs to be consistent between home, child care and other programs where the child is located like school. Ask the parent when the medicine is given at home so medicine doses may be evenly spaced for maximum benefit.
²The medicine may need to be given before meals, after meals, with food, with a specific liquid (water or milk). All instructions should be written on the medicine label or instructions. When in doubt, call the pharmacy where the prescription medicine was dispensed.
